

REA Vipingo Plantations Limited

Questions raised by Shareholders at the Virtual Annual General Meeting held on Friday 11th September 2020.

Question: The decisions of the majority shareholder always supersede the decisions of minority shareholders. The question is what impact minority shareholders have on REA's decisions?

Answer: The Board of Directors is comprised of 5 directors, three of whom are independent. These three independent directors ensure that the interests of the minority shareholders are taken into account when any significant decisions are made.
